The 8"x10" images that you'll find below will print on 8 1/2"x 11" Letter Size or A4 paper or ink-jet canvas for mounting in standard mats and frames. You'll do best if you set your computer's printer to its highest quality and its "portrait" orientation. Use fresh ink and print on matte photo paper or ink-jet canvas. Select only the images that you want for your wall and then print one page at a time.
